COMMUNICATION
REPLY TO OFFICE COMMUNICATION REGARDING NEW OATH
FOR NON-SIGNING INVENTOR

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

SIR:

In reference to the above identified application, we received an Office Communication dated January 5, 2007, a copy of which is attached hereto as Exhibit 1. In the communication, it was noted that a Petition under 37 CFR 1.47(a) had been previously granted by the U.S. Patent and Trademark Office for the co-inventor Mr. Vinay Naik. A copy of the original Petition from the parent application (1), the Decision on Petition granting the non-signing inventor status under 37 CFR 1.47 in the parent patent (2) as well as postcard showing that the Decision on Petition was re-submitted in the present application (3) are attached as Exhibit 2. This Petition includes the last

known address of Mr. Naik.

However, the Patent Office had reviewed the documents and now rejected the declaration of Mr. Vinay Naik, submitted with the Petition, because it did not include his last known address. To reply, the Patent Office requested that a Supplemental Declaration be submitted including the signature of one inventor signing "on behalf" of the non-signing inventor.

Attached as Exhibit 3, is a new supplemental declaration signed by co-inventor Kiyokazu Nishioka on behalf of the non-signing inventor Mr. Naik. Like the original Petition, this new Supplemental Oath includes the last known address of Mr. Naik, 1235 Sutter Creek Trail, Austin TX 78717.

If the Examiner or other staff member at the U.S. Patent and Trademark Office requires any additional information, please contact the undersigned at the number listed below.

Respectfully submitted,

Commissioner for Patents

This communication supersedes the communication prepared by the examiner on December 20, 2006.

A Petition Under 37 CFR 1.47(a) for inventor "VINAY NAIK" was granted, but the declaration does not include the address of inventor "VINAY NAIK".

Applicant is required to file a new declaration which is "supplemental" to the first declaration to cure the address deficiency. The new declaration would have to be submitted with either:

the signatures of all the inventors except for the non-signing inventor, or

the signature of one inventor signing "on behalf" of the non-signing inventor,

Applicant is also required to attach a copy of the documents previously filed under rule 1.47 to show the last known address of the non-signing inventor.

Applicant has ONE MONTH FROM THE "MAILING DATE" of this communication to file a reply. Failure to timely reply will result in ABANDONMENT of this application.

**PETITION TO MAKE APPLICATION FOR PATENT ON BEHALF OF AND AS
AGENT FOR THE INVENTOR (37 CFR 1.47(a))**

Hon. Commissioner of Patents
and Trademarks
Washington, D.C. 20231

S I R:

Petitioners, EQUATOR TECHNOLOGIES, INC. and HITACHI, LTD. hereby petition under 37 CFR §1.47(b) to make application for patent on behalf of, and as agent for, Vinay Naik. Vinay Naik is one of the co-inventors of the above-identified patent application. As will be demonstrated below, Petitioners have a proprietary interest in this application and the action taken herein is necessary to preserve the rights of Petitioners.

The proprietary interest of Hitachi Ltd. and Equator Technologies, Inc. is demonstrated by the Assignment executed by all of the inventors, which is attached as Exhibit 1. According to

the Assignment, all of the inventors, including Vinay Naik, have assigned all rights in the invention to Hitachi Ltd. and Equator Technologies, Inc. A copy of the Notice of Recordation of Assignment Document, showing that the assignment was recorded at Reel 9865, Frame 0828, is attached as Exhibit 2.

This Petition sets forth that David Baker, Christopher Basoglu, Benjamin Cutler, Richard Deeley, Gregorio Gervasio, Atsuo Kawaguchi, Keiji Kojima, Woobin Lee, Takeshi Miyazaki, Yatin Mundkur, Vinay Naik, Kiyokazu Nishioka, Toru Nojiri, John O'Donnell and Sarang Padalkar are the true inventors of the above-identified application. At the time the invention was made, all of the above-named inventors were employees of Hitachi Ltd. and Equator Technologies, Inc.

The original declaration for this application was filed on October 14, 1998, without the inventors' signatures, for the purpose of identifying the inventors only. In response to the Notice of Missing Parts, new declarations were obtained having the signatures of the inventors, and were submitted to the U.S. Patent Office on April 5, 1999. However, the new declarations did not contain the residence, post office address and citizenship of all of the inventors, as required. Therefore, Applicant submits new declarations, enclosed herewith, containing all of the required information.

The enclosed new declarations have been executed by all of the inventors, with the exception of co-inventor Vinay Naik, who could not be located despite a diligent search.

Specifically, Mr. Naik is no longer employed by Equator Technologies. Mr. Naik did not provide Equator Technologies with contact information after his departure from the company. Several attempts to contact Mr. Naik at his last known address, in order to obtain the execution of the declaration, have been unsuccessful. These attempts are explained in detail in the Attorney's Declaration, enclosed herewith.

Thus, this petition is hereby submitted to the Patent Office to make application for patent for the above-identified invention in the name of Equator Technologies, Inc. and Hitachi, Ltd. on behalf of, and as agent for, the co-inventor Vinay Naik.

In addition, Applicant hereby requests that the enclosed declarations, signed by all of the other co-inventors, be entered in the above-referenced patent application. Enclosed is a check in payment of the required fee under C.F.R. 1.17(h) of \$130, for this Petition to Make Application for Patent On Behalf of and As Agent for the Inventor. Any additional fees required in connection with this application may be charged to Deposit Account No. 19-2825.

DECISION ACCORDING STATUS
UNDER 37 CFR 1.47(a)

This is in response to the "Petition Under 37 CFR 1.47(a)," filed October 16, 2000.

The petition is granted.

Applicant has submitted copies of letters sent to co-inventor Vinay Naik dated September 9, 1999 and September 25, 2000 as well as proof of receipt. The letters included copies of the above identified application and the declaration for which they were seeking co-inventor Naik's signature. The transmittal of the application papers to the last known address for Mr. Naik demonstrates that the co-inventor has been notified of applicant's intent to file the above referenced application. Further, applicant has shown that co-inventor Naik has been given an opportunity but has refused to join in the filing of the above-identified application.

The above-identified application and papers have been reviewed and found in compliance with 37 CFR 1.47(a). This application is hereby accorded Rule 1.47(a) status.

As provided in Rule 1.47(a), this Office will forward notice of this application's filing to the non-signing inventors at the address given in the Declaration. Notice of the filing of this application will also be published in the Official Gazette.

This file is being forwarded to the Office of Initial Patent Examination.

Telephone inquiries regarding this decision should be directed to Petitions Attorney Patricia Faison-Ball at (703) 305-4497.
